

# A FRIEND FROM ANOTHER PLANET

EVER SINCE  
FOLKS HAVE BEEN  
STUDYING OUTER  
SPACE,  
THERE'S BEEN A HOPE  
THAT MAYBE THERE'S  
ANOTHER ALIEN RACE,  
ANOTHER EARTH-LIKE PLANET  
JUST LIKE THE ONE WE LIVE ON,  
BUT HERE'S THE SPOILER - WE STILL  
HAVEN'T FOUND ONE!

WE THOUGHT PERHAPS WHEN WE'D MAKE THE MOON LANDING,  
WE'D FIND ANOTHER SOMEONE, WOULDN'T THAT BE  
OUTSTANDING!  
PERHAPS AN ALIEN, ALL FUNKY AND WEIRD,  
PERHAPS SOMETHING THAT LOOKED LIKE A FISH WITH A BEARD?

AFTER ALL, OUR EARTH IS REALLY SOMETHING QUITE SPECIAL,  
BUT WHO SAYS IT'S UNIQUE? THAT THERE'S ONLY ONE LIKE IT?  
PEOPLE HAVE ALWAYS IMAGINED ALIENS BEING DIFFERENT AND  
FAIR,  
BUT FOR NOW WE HAVEN'T FOUND SIGNS OF LIFE OUT THERE.

SINCE WHEN MANKIND FIRST VENTURED OUT INTO  
SPACE,  
WE'VE BEEN SENDING SOOTHING MESSAGES ABOUT OUR  
RACE.  
A DRAWING THAT SHOWS THEM A MAN AND A WOMAN,  
HEAD TO FEET -  
IN THE HOPE THEY'D PROVE WE'RE NICE CREATURES TO  
MEET.

SPACE IS HUGE, SO IF WE JUST KEEP ON LOOKING,  
WE MIGHT STILL FIND THAT PLANET WHERE LIFE'S  
COOKING.  
WHERE THERE'RE OTHER CREATURES, AMAZING AND NICE  
-  
THAT COULD BE OUR FRIENDS, FROM WHOM TO GET  
NEW ADVICE.  
THERE JUST MIGHT BE ALIENS OUT THERE WITH LIVES  
JUST LIKE US AND OUR BROTHERS,  
SO LEARN ALL ABOUT SPACE, WHO KNOWS WHAT YOU'LL  
DISCOVERS!
